

Málaga – Priego de Córdoba

1. Going out of Málaga taking the motorway A-45 direction to Córdoba.
2. Driving up to La Vega de Antequera and then continuing up to Córdoba going past Benamejil.
3. Being close to Lucena take the exit: Lucena (North)- Puente Genil, KP. 56. A-318.
4. Being on the A-318, go towards Lucena and Cabra.
5. Going out of the road A-318 and then taking the A-339 up to Priego de Córdoba.

To take into account:

- a) The curves of Las Pedrizas
- b) After passing Lucena, go towards Cabra, Carcabuey and finally Priego de Córdoba.
- c) To take the A-339 you will see the sign Priego de Córdoba- Alcalá la Real.
- d) Being already at Priego's municipal term, there are four possible incomes to accede to the urban core, the first and the third are the most recommendable ones.
- e) To enjoy the landscape of: the Natural Park of the Mounts of Málaga, The Sierras Subbéticas, giving special attention to animals which may cross the causeway. It is also interesting La Peña de los Enamorados which is located in Antequera.

Distance: 130 km approximately.

Have a nice trip and remember: If you drive do not drink.
