

1. Going out of Sevilla taking the motorway A-92 direction to Granada.
2. Driving up to Estepa and then taking the exit Estepa- Puente Genil (A-318) Conducir hasta Estepa y tomar la salida de Estepa – Puente Genil ( A-318)
3. Being on the A-318, go towards Puente Genil, Lucena and Cabra. Ya por la A – 318, dirigirse hacia Puente Genil, Lucena y Cabra
4. Going out of the road A-318 (sign Priego de Córdoba- Alcalá la Real) and then taking the A-339 continuing through the Natural Park and Carcabuey up to Priego de Córdoba.

To take into account:

- a) The curves of Osuna.
- b) Having passed Lucena, go towards Cabra, Carcabuey and finally Priego de Córdoba.
- c) It is not necessary to get into any of the cities or towns all along the road.
- d) Being already at Priego's municipal term, there are four possible incomes to accede to the urban core, the first and the third are the most recommendable ones.
- e) To enjoy the landscape of the Natural Park of the Sierras Subbéticas, giving special attention to animals which may cross the causeway.

Distance: 200 km approximately.

*Have a nice trip and remember to drive carefully.*
